Deflector Plate Adapter

#NS-DPA
\$24.95

This device instantly solves 95% of spinning pins. Mounts in 10 minutes, comes with hardware and instructions. Invented by a GS mechanic, guaranteed to work.

GS Pit Curtain

#NS-47-021084-004
\$99.00

Three ply, reinforced with nylon chord. Non-marking, the best one.

GS Flexible Transport Band

#NS-11-63201
Short Pit Size \$289.00
Long Pit Size \$299.00

Easily installed and runs straight. Made with super tough gray material, which lasts for years as AMF belts. Exceeds OEM standards. Only available through North Star.

GS White Transport Band

#NS-11-63201
Short Pit Size \$349.00
Long Pit Size \$359.00

Rough texture moves pins quickly. No maintenance or cleaning needed. These t-bands have lasted mechanics 8+ years and have yet to wear out. Adjust to your own specifications.

GS Pin Sock

NS-48-11120
\$32.95

Made with ballistic nylon and designed to slow the pins before they hit the transport bands. Designed by GS mechanics. Patented.

GS Pin Wipe

#NS-49-222-30
\$13.95

For the overflow chute with the felt-lined tray, this heavy duty wiper covers all three sides and adheres with Velcro®. Designed by a GS mechanic.

GS Pin Wipe

#NS-49-333-31
\$12.95

For the newer, synthetic overflow chute, this wiper installs easily with self-adhesive Velcro® and is reversible.

GS Underground ball wipe

#NS-50-444-32
\$12.95

Installs quickly and easily near the approach using self-adhesive Velcro®. Reversible, easy to service and designed by a GS mechanic. Pad included.
